 301 South Washington Ave., Titusville, FL 32783

Welcome to TITUSVILLE

Titusville is the only place on the planet where space shuttles blast off, sea turtles nest and soothing sunrises give way to inviting surf. The contradiction of high-tech wonders of the space program and the natural beauty of the area places Titusville in a class by itself. Titusville is the neighbor to the Kennedy Space Center Visitor Complex, Merritt Island National Wildlife Refuge and Canaveral National Seashore.

Florida's Space Coast entices vacationers of all ages with activities including shuttle and rocket launches, surfing, bird watching, year-round golf, fantastic fresh and saltwater fishing and thrilling airboat rides.

This nostalgic area offers shops of all sorts including arts and crafts, clothing, consignment, flower and gift shops. You'll also find a nearby riverside park as well as several stellar restaurants.

Within one mile of downtown is the Titusville Municipal Marina with a ships store and a large seawall for viewing manatee and other exotic marine life.

Titusville ANNUAL EVENTS

Area INFO

Biv. Single d

The Titusville area is unique, with three very distinct ecological environments. With the Atlantic Ocean on its east coast, the Indian River Lagoon, and the St. John's River bordering on the west - Titusville offers endless opportunities for nature lovers.

Whether you prefer to experience nature from a kayak on the Indian River Lagoon, hiking along the coastal ridge, or exploring the myriad of driving trails from the comfort of your air conditioned vehicle, it can all be found within minutes from your lodging.

Space

Titusville, known as the launch pad for the Space Shuttles, has always been the top destination for the space enthusiast. Watching a shuttle or rocket launch from the shores of the Indian River Lagoon is a jaw-dropping spectacle that demonstrates the power and glory of America's space program.

Visitors can take bus tours and get a behind the scenes look at NASA's space program, take off on their own weightless adventure with the new shuttle launch experience; have lunch with an astronaut, tour a full-size shuttle and much more at the neighboring Kennedy Space Center Visitor Complex.

A Cosmic Journey Touching the Lives of all Mankind...

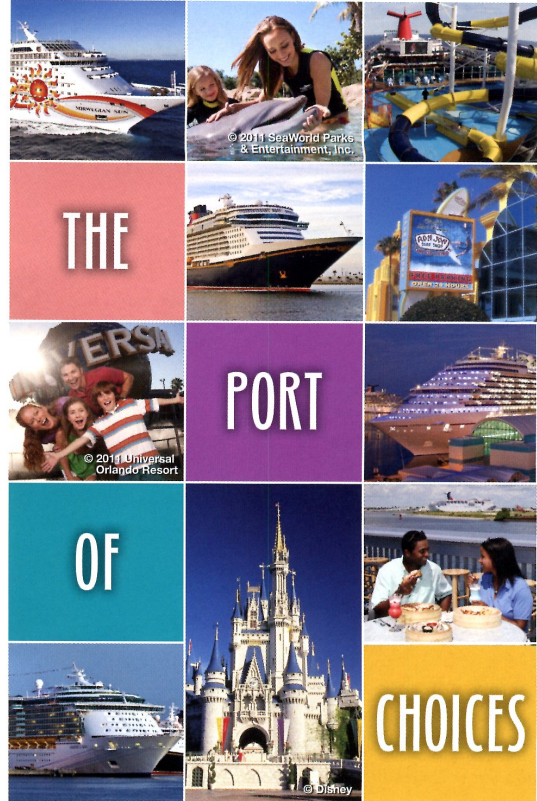

In the heart of Titusville is the U. S. Space Walk of Fame Museum

Started by true space pioneers, this unique museum features interactive areas for kids, original launch consoles, and one-of-a-kind collectibles.

"It is our intent to honor the American Space Worker without whom no footprints would exist on the moon."

www.TitusvilleVacations.com

Once upon a time, a cruise...was a cruise...was a cruise. Good food, sun by the pool, an evening show...

But today? What do you want to do? Spa your way to bliss? Play pirate golf against an ocean view? See a laser light spectacular? Ride a water slide over the sea? Eat at a different restaurant every night? Climb a rock wall? Surf on deck? Talk to the pictures on the corridor walls...and hear them answer?

Don't be limited. At Port Canaveral, choose from our four major cruise lines, 3- to 14-day itineraries and some of the newest, biggest and most innovative ships sailing year-round. Then choose the non-stop, stress- and signal-free drive from Interstate 95 or Orlando International Airport straight to our gate. Done.

Cruising...

Thinking of going on a cruise? Port Canaveral is just minutes from Titusville. Why not plan extra days before or after your cruise to enjoy Titusville's natural beauty, fascinating history and a glimpse into space travel? Port Canaveral, serving more than 4 million passengers each year, also offers boat tours, a 1200 foot fishing pier, fishing charters of all kinds, gaming cruises, waterside restaurants and pristine parks.
